# MAKING MEMORIES

1992-2012

This year marks the twentieth year of ownership of the Oasis Bar and Grill by Carol and myself.

It's remarkable that back in 1992 what started as a five year project has endured and flourished in good and bad times. I think this is a testament to our staff, and loyal customers that have followed along with us down our many wacky yet consistent paths.

Music is of course a very important piece of the fabric that is the Oasis. This year we are going to ask many of our great early acts to come in for a return engagement. Even though many do not play clubs anymore, I have been encouraged by their willingness to return as friends and for your listening enjoyment.

The first in our series is THE RICK FINES TRIO on February 15th. Do not miss this night Book early

## TWO DECADES IN THE MAKING

For most newcomers to Cobourg, the Oasis Bar & Grill is simply a funky little restaurant nestled on the east end of town, part of a repertoire of many, many little dining spots found dotted around Cobourg.

To those who of you who are regulars present and past,  
**the Oasis is so much more.**

We have hosted you and appreciated your business, we have seen your retirements, baby's born, celebrated with you as you have graduated and had career moves. We have seen you get married, and say goodbye to your loved ones.

We are a place where you meet your family for birthdays, anniversaries and to just catch up. We are a place to kick back and enjoy the hot summer days on "The Best Patio" in town, listen to some great live music all year long and to satisfy your eternal thirst and enjoy a great meal. We are your family when yours is far away, We are your friends when you are in need and we are the team of your favourite hang out.

For Carol and myself, this is home and has been for 20 years, longer than we have lived anywhere. Welcome to our HOME!!
